TANE ALARM PRODUCTS

SD-70/SD-80 - 3/4" and 1" Diameter Contact and Magnet (Steel Door) - New Stubby Style with 1 1/2" Gap

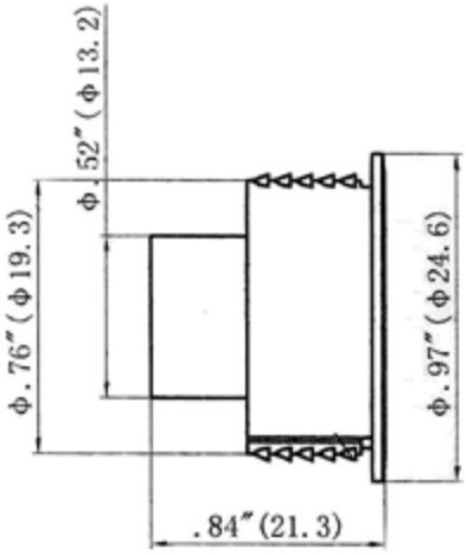

- Rugged one piece construction (No need for extra donut adapters)
- For standard and tighter fitting applications
- Sensitive "No stick" UL rhodium reed
- Long leads bent to keep solder off the glass of the reed
- Two Solder points on 22 AWG 7 stranded UL Wire
- Thick plastic shell to prevent crushing
- 12" Leads Std. Longer leads available

ALNICO MAGNETS

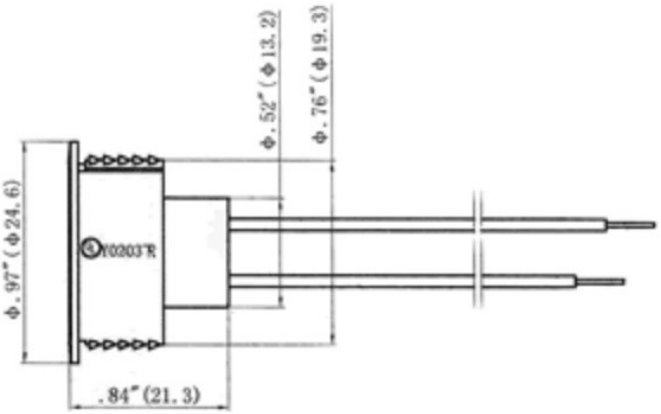

As a result of rare earth minerals rising over 200% in the first half of 2011,TANE ALARM PRODUCTS is moving back to the industry standard ALNICO MAGNETS, which we sold for the first 15 of our 25 years in business. The shorter length rare earth magnets will still be available at a premium, with prices dependent on the commodity pricing of rare earth minerals at the time of the sale.
